Vision

India to transform into a vibrant nation by empowering youth to develop themselves into ethical, confident, patriotic, innovative, responsible global citizens, working towards self, family, community & world development, thus, leading by example on personal integrity & leadership.

Mission

The Lead India Foundation shall work towards instilling the values of Integrity, Innovation and Patriotism in Indian youth in the age group of 10-18 years across India using Acharya – Kalam Human Transformation Model. LIF aims at youth achieving their highest potential while simultaneously contributing to the growth and development of India & world at large. LIF shall also create an ecosystem that encourages youth in their meaningful endeavours towards ethics and society

Chief Mentor – Journey

The People's President: Dr A P J Abdul Kalam (Former President of India)

Avul Pakir Jainulabdeen Abdul Kalam was an Indian politician and aerospace scientist who served as the 11th President of India from 2002 to 2007. He was born and raised in Rameswaram, Tamil Nadu and studied physics and aerospace engineering. Awards: Bharat Ratna-1997, Padma Bhushan-1981, Padma Vibhushan-1990, Veer Savarkar Award-1998, King Charles II Medal-2007, Indira Gandhi Award for National Integration-1997, Ramanujan Award-2000, Hoover Medal-2009.

Lead India Foundation (LIF) Chief Mentor

Late Dr. A.P.J. Abdul Kalam, Chief Mentor
Lead India 2020 Movement

Lead India 2020 is the 2nd National Movement, a mission-oriented programme for transforming youth of the country. I am confident; this movement will transform youth to achieve developed India by 2020.

India has to be transformed into an economically developed nation by 2020. Every citizen and every constituent of the country has to participate in the Lead India 2020 – a national movement to lead the Indian youth who constitute 55 percent of the country's population, to lead India to lead the world by 2020.

Dr.APJ Kalams key message

Be the Change for Nation Development

A vision for the new millennium, our People President Dr. A.P.J. Abdul Kalam said, developed India by 2020, is not just a Dream or mere Vision in the minds of every Indian but it is a Mission we all can take up and succeed.

“Lead India 2020 is the 2nd National Movement, a mission-oriented programme for transforming youth of the country. I am confident; this movement will transform youth to achieve developed India by 2020.

India has to be transformed into an economically developed nation by 2020. Every citizen and every constituent of the country has to participate in the Lead India 2020 – a national movement to lead the Indian youth who constitute 55 percent of the country's population, to lead India to lead the world by 2020.

Lead India 2020 movement is training lakhs of students in many districts of Andhra Pradesh. I happened to know the transformation that has taken place among the students after undergoing the “Aap Badho Desh Ko Badhao” training. Lead India training programmes have created confidence in me that the youth of our country trained by them are on the right path and the spirit of “We Can Do It” is radiating everywhere.

I extend my warm greetings and felicitations to all those who are associated with Lead India 2020 movement and wish their efforts for the movement all success. Lead India National Clubs (LINC)s will unite all educational institutions, corporations and other institutions to share networks and resources to strengthen efforts to solve our nation's problems.

Following the United Nation's Human Development Index Rank (UNHDIR) lead to eradicate poverty, putting people at the center of the development and keeping in perspective that 54% of our population is youth, Prof. N.B Sudarshan Acharya's 35 years of research for human values and Lead trainings integrated with Dr. Kalam's India 2020 vision resulted in Lead India 2020 'AapBadhoDesh ko Badhao (ABDB)' training program to empower the youth across India.

Dr. Kalam declared that, “Lead India is the National Youth Movement, a mission oriented, proven and tested program in transforming youth, gave me assurance that this will transform Developing India into a Developed Nation by 2020, should be taken to all states of India”

Based on the fundamental philosophy of being Individual development leads to National Development (ABDB), Lead India Foundation transformed 1.5 million youth since 2004 across 11 states, is now on the path of carrying the mission forward, focused on igniting and channelizing hidden potential in 100 million BPL students/ youth of the Nation.

Board of trustees & Steering Committee

Dr. N.B. Sudershan Acharya, MBA, Ph.D. (Human Values), – Founder & Executive Chairperson, National Coordinator

Prof. N.B. Sudershan Acharya, Founder Chairman, Lead India Bharat Ratnas School (LIBR) is a renowned educationalist and humanist with international acclaim. He was awarded Vidya Marthanda, “Eminent Citizen of India”, and other Distinguished Awards for Social and Educational Transformations. Dr. Reddy served as Chairman and Founding Partner of InvaGen Pharmaceuticals, Inc., until September 7, 2015 and 2015 respectively. Dr. Reddy served in leading pharmaceutical companies as the Head of the Research & Development Division. He has sharp analysis and ability to synthesize various chemical compounds lead to the discovery of new processes, cost effective schemes for manufacturing of various pharmaceutical products. Dr. Reddy has the credit of introducing many new molecules for the first time in Indian pharmaceutical market. Dr. Reddy has a Postgraduate and Doctoral degrees with distinction in the field of Synthetic Chemistry. Dr. Bandi Parthasaradhi Reddy founded Sai Spurthi Institute of Technology & Trust and serves as its Chairman.

Prof. Y. Arun Kumar Acharya, Organizing Secretary, Joint National Coordinator

Brief History

Lead India 2020 was established in the year 2004 based on the vision articulated by Dr APJ Kalam, "India to transform into a developed nation by the year 2020 by empowering youth to develop themselves into confident, responsible citizen working towards self, family, community development thereby leading India towards a developed nation. In this direction, Aap Badho Desh ko Badao (ABDB) training program was developed as the primary vehicle to accomplish Dr Kalam's vision and it was based on Acharya Kalam Human Transformation Model at its core. During the years 2004-2019, ABDB training program was imparted to over 15 Lakhs students in over 7000 schools in 51 districts covering 9 states; over 6000 teachers and 3000+ principals were also trained. However, in order to scale up ABDB program to cover the entire nation with a significant and measurable impact, LIF is now taking a very a strategic and pragmatic approach that would translate LIF vision into actions leading to outcomes with measurable and time bound impact. In order to accomplish this LIF intends to become a standalone, independent, professionally managed, globally respected, Institution with transparent governance and highest ethical and moral standards supported by the required resources. This will be driven by a well-documented vision, mission and strategy with core values and will be managed by a full-time management team with a multi-layer transparent governance structure in place. Given Lead India 2020 has reached its major milestone this year, the board has decided to change its name to Lead India Foundation (LIF) while drawing a road map for its journey through the year 2030 and beyond.

Programme report

Thematic Focus of the programmes

- Swatch Bharat
- Critical Mass Leadership Development (CMLD)
- Literacy
- Training for Unemployment Youth
- College Programmes
- VijayaSpoorthy (Mentoring support for SSC Students)
- Summer Activities
- Hygiene and Sanitation
- Corporate Trainings

Our Programs

Aap Badho Desh Ko Badho" (ABDB) training program

This training transforms a person on different dimensions of "Aap – Self". This will help students

with Life realities, challenges, life skills. Thinking skills, altering attitudes and to develop individually, setting up high Goals and action plans. The core principles "Compare and Compete

with Self". Work continuously to achieve goals with self-introspection, practice values and skills

to develop themselves, their families and communities and nation.

ABDB program is training and research-based, experiential, result oriented, transformative and unique educational movement to create incredible human capital by bringing transformation in the basic human planes i.e. physical, mental, intellectual, emotional, social and spiritual Unique feature of inculcation of human values is based on the hypothesis that "Values are not taught but they are caught".

ABDB – National Development – Sustainable Development Programmes

This programme has inspired lakhs of individuals. It continues to inspire in practicing great Cultural values of ancient India and realising that National problems must be solved from individual level. Greediness is the root cause for the main problem, Corruption. 1,00,000 Lead India trained students (Change agents) of Chittoor district have submitted a garland of post cards to then President, Dr. Kalam with parents' signatures and with a message, "We will not sell votes for Notes". They are also teaching their parents to read and write. They also stopped bad habits such as drinking, smoking, etc., they worked on planting trees for acquiring Lead India Social Credits. Patriotic sessions make them to take an oath stating that "I am Indian First" beyond any differences of caste/region/religions/languages etc.

Lead India National Clubs (LINC)

After ABDB trainings for sustenance Lead India National Clubs (LINC) are established at institution level under the Chairmanship of institution's Principal with Co-chairmanship of Patriotic faculty along with student representatives from different classes as Change agents. These Change agents are trained as trainers and developed as Leaders with Critical Mass Leadership Development Programs (CMLDP). They train their classmates, juniors on ABDB and Human Values. They take up responsibilities of different groups such as Educational, Scientific, Sports, Cultural, Literary, Discipline, stopping any ragging at school, Swachh Bharat with Swachh Mann, Employable skills, Entrepreneurship skills, etc. On providing evidence and on the recommendation of the Principal, Lead India Social Credits are issued to the students.

Critical Mass Leadership Development (CMLD) Program

After training programme, Select the best three students from each class (VII, VIII, IX & X) as change agents who should be able to train other students. These selected change agents may be undergone the Critical Mass Leadership Development Quarterly Programme (CMLDP) for 2 days at Mandal/district level. Using "Train the Trainers model and peer group influence converts students as teachers and change agents takes up the responsibility of themselves, schools, their own families, communities, nation, and humanity. This model besides imparting real life skills creates a large pool of global resource cadre for economic development. These change agents after CMLDP will be given summer community development projects to bring back dropouts, girl children and imparting functional literacy for their family members and neighbours, Lead India will be issued Lead India National credits. Students will develop global skills like leadership skills, teamwork, communication skills etc., to grab global opportunities lead India 2020 is giving a unique ID to each Change agent and tracking beyond schools and hand holding them till they realize their goals or up to 2020.

Kalam's Letter to Ministry of HRD

Dr. A.P.J. Abdul Kalam
Former President of India

10, Rajaji Marg
New Delhi-110011

06th April 2012

Dear Shri Kapil Sibal ji,

I thought of apprising you about a silent but dynamic revolution taking place among millions of high school students below the age of 20 years. In this simple programme, the teachers are trained about the significance and application of the following ten point oath.

Ten point oath for Enlightened Citizenship

1. I will love whatever profession I take up and I will try to excel in it.
2. From now onwards I will teach at least 10 persons to read and write those who cannot read and write.
3. I will plant ten saplings/trees and ensure their growth.
4. I will go to rural and urban areas to reform at least five persons from the habits of addiction and gambling.
5. I will take responsibility for removing the pain of ailing persons.
6. I will participate in the mission of realizing the economic strength of India by combining it with an education with value system and by transforming religion into a spiritual force.
7. I will not support any differentiation on account of community or language.
8. I will lead an honest life free from all corruption and will set an example for others to adopt a transparent way of life.
9. I will always be a friend of the mentally and physically challenged and I will work hard to make them feel normal.
10. I will celebrate the success of my country and my people.

Teachers absorb this oath and teach the students the methodology of putting the oath into practice in a five day school programme. After this training, the students have become self-reliant, confident and transform themselves and also facilitate transforming their parents and neighbours wherever needed. The impact of this silent revolution has been noticed by number of District Magistrates of Andhra Pradesh. The Chief Minister of Andhra Pradesh has called a meeting of Principal Secretaries of eight departments and has suggested introduction of Lead India 2020 movement among the students of all the schools, hostels and residential schools of Andhra Pradesh from this academic year (2012-13) [Encl:A]. This Lead India 2020 movement is spreading fast in Andhra Pradesh and in some parts of Tamil Nadu and Karnataka.

Page 1 of 2

I am writing this letter to you to suggest, introduction of Lead India 2020 movement which inculcates ethical way of life among the youth to be introduced in the whole country at a minimum cost and minimum utilization of time of students.

Prof Sudershan Acharya is the coordinator and CEO of the Lead India 2020 mission (e-mail-acharya.leadindia@gmail.com, cell-09246369466). I will be happy if you can give time to Prof. Sudershan Acharya to present the salient features of the programme imparted to the students, teachers and families and the societal impact there of. I myself witnessed, the beautiful results during my interaction with thousands and thousands of students who have undergone the Lead India 2020 programme in the schools.

Greetings and regards,

Yours sincerely,

(A.P.J. Abdul Kalam)

Hon'ble Shri Kapil Sibal
Minister for Human Resource Development & IT
Shastry Bhavan
New Delhi.
