Rishi Parampara Dinotsavam

(Inheritance of Ancient Acharya's)

December 28

“Loka Samastha Sukhino Bhavantu”

What is the need of the hour to Celebrate Rishi Parampara as Acharya Varasatvam?

Dear Educationalists/Students,

Friends, we celebrate the birthdays and anniversaries of many great people as Teachers' day, Children's day etc, but we do not celebrate any day in gratitude for the divine knowledge that many sages have imparted for the health, happiness and ideal living of mankind since ages, inspiring and guiding future generations.

Continuing the legacy of the same Rishi Muni Parampara, **Dr. Nallaboina Sudershan Acharya** started **Bala Bharathi** in 1982 to pass on the "Acharya's legacy" to future generations, and subsequently established **Lead India Foundation** to groom nation's youth as proud and responsible citizens. Come on, let us proudly and happily celebrate the birth anniversary of Dr. Sudershan Acharya on 28-Dec.-2022 as "**Acharya's Legacy- Rishi Parampara Day**" who has designed "**Aap Badho Desh Ko Badavo**" training program for man making and nation building as a National Movement to make India a Vishwaguru once again by 15/08/2047.

The world owes so much to our Motherland. India has contributed a lot to the development of human intellect. Before the eyes of the rest of the world opened Indian civilization flourished, Nalanda, Takshasheela universities established here before the world knew languages. India was a very rich country not only in terms of wealth but also in terms of knowledge and Rich Culture.

Let us remember its past glory, understand the present situation and plan for the future. Now the time has come for India to become the Global Leader once again.

Opinions of great people about India:

Albert Einstein: We owe a lot to the Indians who taught us how to count, without which no worthwhile scientific discovery would have been made.

Mark Twain : India is the cradle of human race, the birth place of human speech, the mother of history, the grandmother of legend and the great grandmother of tradition.

French scholar Romain Rolland: If there is one place on the face of earth where all dreams of living men have found a home from the very earliest days, when man began the dream of existence, it is India.

Swami Vivekananda: In order to regain India's past glory, for the next hundred years, we have to set aside the differences of caste, creed, region and religion. All Indians should worship only the Motherland. Then only India will regain its past glory.

Give me one hundred 'believing' young men... I will transform India as the number one nation in the entire world!

“Acharya's legacy”

As desired by Swami Vivekananda, Dr.Sudershan Acharya has dedicated his life in nation building and man making mission, "I lead India mission 2047" to regain India's past glory. "Nation first, individual next", "Indianness is my caste", "Development is my religion" should be the norms of today's youth.

To make the students understand and appreciate the knowledge imparted by the sages of yore and apply it to their education, to the society and practise it in their lives as "Acharya's Legacy". We are celebrating Acharyas' Legacy as Rishi Parampara Day. Lead India Foundation conducting online competitions on the following topics. Each topic may be allotted to one student or a group of students not more than five students, to write selected article in not exceeding five pages in English or Telugu. Institution has to collect all the articles from the students, prepare a list in excel sheet (serial number, name of the topic selected, names of students, phone numbers, email id's and those who have) and convert articles into a PDF file then send through institution's official e-mail to acharyavarasatvam@gmail.com in the name of your school/college before 20th December, 2022. Prizes will be awarded to the winners and certificates will be given to all the participants including institutions/principals.

Hints for writing an article about the given topics.

1. Description of the topic.
2. Time period, where did it happen and who preposed it.
3. How is it applicable to the modern world.
4. How can we pass it on to future generations?
